Foreword

The *North Carolina Education Directory* is prepared and distributed annually by the Department of Public Instruction's Division of Communication Services as a service to educators and others interested in public education. The directory provides information on the State Board of Education, professional staff in the state education department, a number of educational associations, individual school systems and all public elementary and secondary schools in the state.

We appreciate the valuable assistance from school superintendents and others who supplied the information for this directory, and we hope it will be helpful to you.

Tips on Using the NC Education Directory

If the school system is a city unit but you do not know which county it is in, see *County Locations of City School Units,* page 72.

All school systems and schools have code numbers. A list of code numbers for school systems is on page 223.

A handy reference guide to school system phone numbers is located on the inside back cover. School system code numbers are also included.

If you know the name of a school but do not know its location, see page 226, the *Alphabetical Index of Public Schools.* This index includes the code number and telephone number of all public schools in this state. The first three digits of the code number indicate the school system. For example, 110-304 A C REYNOLDS 704-298-2500 – To find the school system for the 110 code, refer to the index. This is the code for Buncombe County. To find the principal's name and other information about this school, turn to the listing for Buncombe County and look for this code in the list of schools.

Local board of education attorneys are listed under the names of the board members in the Alphabetical List of School Units by Counties. Their addresses are included, but call the central office of the school system for phone numbers.

If you need the address of a private or home school, see the listing for the *Office of Non-Public Schools* in the Special Schools' section, page 245.

If you know an association by its acronym instead of its official name, see the listing of acronyms, page 51.

NORTH CAROLINA EDUCATION DISTRICTS

The State Board of Education consists of the Lieutenant Governor, the Treasurer and eleven members appointed by the Governor for eight-year, overlapping terms, subject to confirmation by the General Assembly. Eight of the appointed members of the Board represent the eight education districts of the State. These districts are drawn by the General Assembly.

The Governor also appoints two high school students as advisors to the State Board of Education. A high school junior is appointed each year for a two-year term. The N.C. Teacher of the Year also serves a two-year overlapping term as an advisor to the State Board of Education.

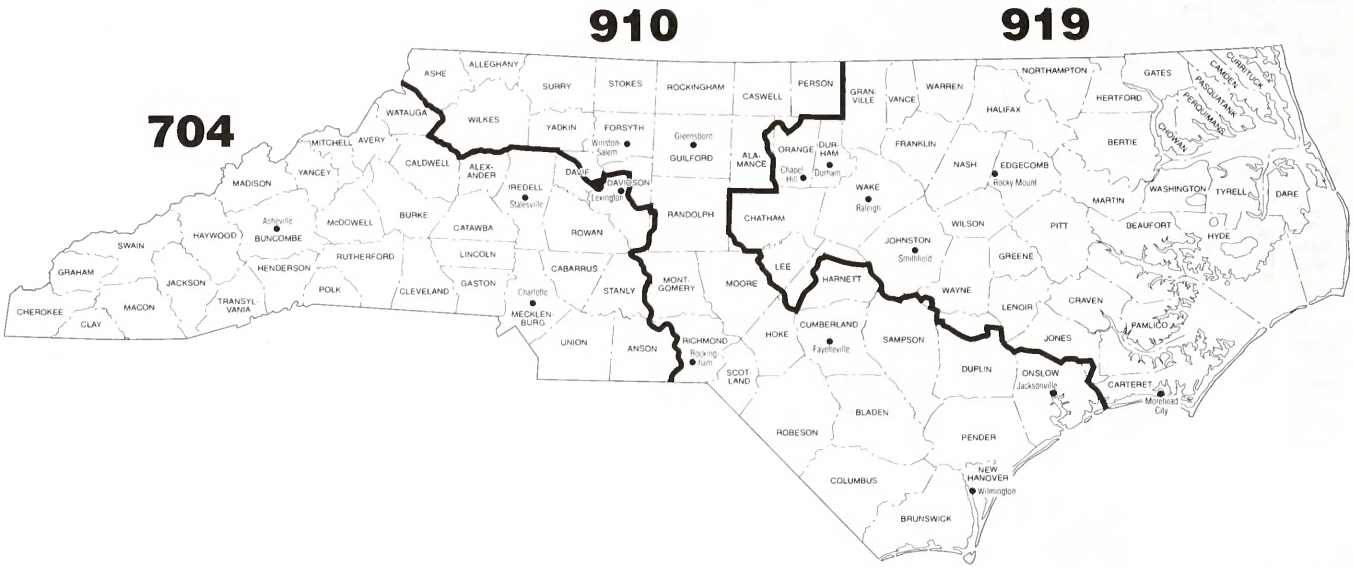
North Carolina Area Codes

Effective 11/14/93



ALPHABETICAL LIST OF SCHOOL UNITS BY COUNTY

As of November 14, 1993, area code 919 splits into area codes 919 and 910. Area code 704 does not change. Information was received too late to change 919 numbers in this section, but 919 numbers were changed, based on information from Southern Bell, in the school phone number section beginning on page 226.

County units are listed alphabetically in bold capital letters; city units are listed alphabetically under the counties in which they are located in bold capital and lower case letters. Schools are listed according to code numbers and alphabetically.

Under the heading "ACCRED STATUS", SA indicates that these schools are accredited by the Southern Association of Colleges and Schools.
